

Unit 4 Networks and the effects of using them

Instructions:

1. Do a research and DESCRIBE the use of the following network devices (with pictures):
 - router
 - hub
 - bridge
 - switch
 - modem
2. Draw a set up of small network that includes different network devices mentioned in #1. Each device must be properly label. Be creative. Use A4 Size paper.
3. Your assignment must consist of 3 pages.

First page is your cover page (includes name of the school on the top part, name of the assignment at the center and your name and class at the bottom part).

Second Page is your answer in #1.

Third Page is your answer in #2.
4. The last submission date is 10th January 2019.
5. You will be marked using the following criteria:

Criteria	Marks
Accuracy and Completeness	10
Creativity	10
Originality	10
