### **AJ SPORTS CLUB - AFTER SCHOOL ACTIVITIES**

Dear Valued Parents,

As you are aware, our school gives great importance to good health and physical fitness of all our children through sports. Our Physical Education Department is always committed to identify and nurture young talents leading to sporting excellence! As we begin the academic year, we are pleased to inform you that the Al Ain Juniors Sports Club will commence its 11<sup>th</sup> year and by extending more opportunities in sports and introducing more games under the AJ Sports Club, starting 14<sup>th</sup> September 2019.

#### **Adding Table Tennis (TT) to the AJ Club Activities**

In line with our efforts to extend coaching in more popular games to our children, we are pleased to announce that Table Tennis Club will be launched in addition to the existing sports activities being offered. Table Tennis has always been a fascinating sport which is most convenient to include in a student's game schedule, as this game provides ample exercise and enjoyment in limited space and will be an ideal sports engagement considering the hot weather conditions in this country, where other major sports like Football, Cricket etc. cannot be played in all seasons.

We have tied-up with a TT coaching Center in Al Ain and with highly professional coach to offer coaching and organize matches for our enrolled students starting from this month.

The AJ Sports Club initiative includes: • Sessions conducted by professional coaches • Structured program of coaching and conducting matches • Certificates and medals • Chance to be selected for Al Ain Juniors School team and compete in various Inter School tournaments • Periodic Club Tournaments .etc.

Each lesson will last 1 hour per session. The course will run for 8 sessions twice a week. Swimming Club will run for 4 sessions once a week.

#### **Inauguration of AJ Sports Club**

There will be an inauguration on Thursday, 19<sup>th</sup> September 2019 at 5:00 pm. We request you to attend this along with your kids for the official launching, where more details will be shared in the presence of the respective coaches.

Students interested in taking part in the club activities this year are requested to fill the consent slip at the back of this page and hand over to the school office on or before Thursday, 12<sup>th</sup> September 2019.
