New academic year- 2020-21 for Grades 10 & 12 commences on Sunday, 5th April 2020

SUMMER HOLIDAYS

- The last working day for students before the summer vacation will be **Thursday, 2nd July, 2020.**
- School reopens after summer vacation for students on **Sunday, 30th August, 2020.**

Winter Holiday Assignment: As our children grow up, homework becomes a more important part of their schooling allowing them to develop vital skills such as independent research. It also helps them to prepare for the demands of future world skills. One way to begin learning future world skills such as reading, researching and writing is through holiday homework assignments. Keeping this in mind, our school has planned winter holiday assignment for all grades and uploaded winter holiday assignments on the school website, www.alainjuniors.com. Please make sure that students will complete the assignments and submit on **Sunday, 5th January 2020.**

School Discipline Policy: To make our ongoing efforts to create a safe environment in school premises and enriching learning environment in the classes we have adopted a behavior policy based on M.O.E guidelines and we will be implementing the same to promote positive behavior among all learners. Hence, we urge you to refer the School Behavioral Policy by visiting the school website www.alainjuniors.com.

Hence we expect all the students to abide by school policies, some of them are mentioned below:

- Attendance, Punctuality & Regularity
- Meeting Classroom expectations
- Electronic Items and other prohibited item
- No-bullying policy
- Students code of conduct

Refer to student diary for details.

Social Networking: Research confirms that student's social networking habits lead to reduced focus in learning as well as on retaining information. In addition students who are attempted to multi task while they study are having the risk of reduced academic performance, ability to concentrate in learning tasks, health problems including anxiety, depression and so on. Hence, we request you to monitor student activities on social networking and play a major role by making the students aware of what they are missing out while spending too much time on these sites

Thank you for your continuous support and cooperation in all our endeavors
