<u>Winter Holiday Assignment</u> <u>Grade 4</u>

\$

Dear Parents,

Kindly guide students to complete the following winter break assignments accordingly. All the assignments are considered as marked projects and participation is considered mandatory. These projects hold 10 marks for each subject (CA marks for Term 2).

Science:

Make a model of a musical instrument using waste material available at your home. You can take ideas from the internet but try to make your instrument as innovate and creative as possible.

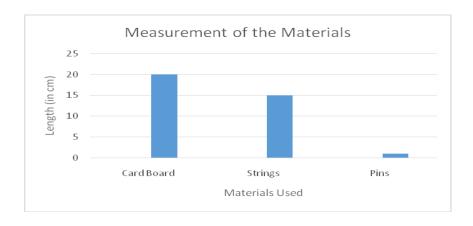

English:

Prepare a written presentation in A4 size paper related to your created musical instrument, describing the qualities and features of your instrument. Do not forget to give a name to your musical instrument.

Mathematics:

Measure all the materials used to create your musical instrument, in centimeters and write them in a table to create a bar graph. Refer the following table just as a sample graph to complete your assignment.

Materials Used	Length (in cm)
Card Board	20 cm
Strings	15 cm
Pins	1 cm
