Safety and Awareness Month-June 2019

Conducted by Science Department

Mr Ricky C. Mendoza (HSE Officer, AJS) conducted a talk on the importance of Safety in School. He stressed on the rules to be followed by showing them an informative PPT and video. He spoke about OSHMS (Occupational –Safety-Health -Management –System), Risk Management, Fire Safety, Bus Rules, Healthy Pos-

tures for students, Lab Rules etc. The students were enlightened and aware of the safety rules in School .

SAFETY
starts with
awareness.

AWARENESS
starts with
you.

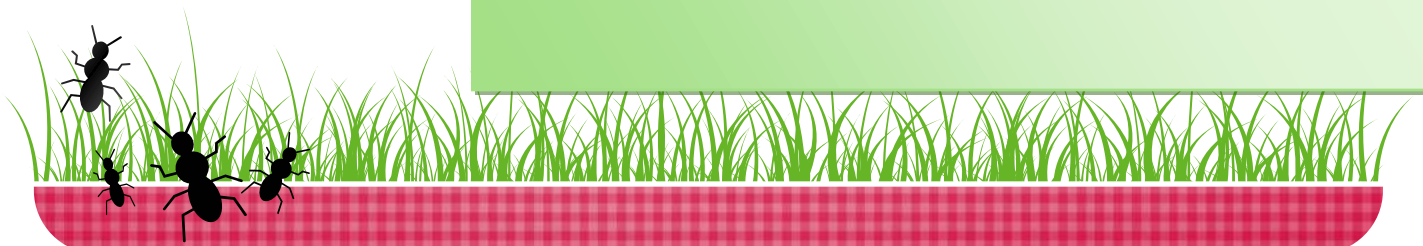

SAFETY
starts with
awareness.
AWARENESS
starts with
you.

Keeping schools safe allows children to look forward to being in an encouraging environment that promotes social and creative learning. Promoting school safety creates an open space for kids to explore, learn and grow.

The department of Science invited Mr. Ricky Mendoza, HSE Officer, to conduct a safety awareness program to raise students' and staff's awareness of various safety issues. Students gained vital life skills, and they are aware of their right to express their own opinions and values.

School safety is defined as schools and school-related activities where students are safe from violence, bullying and any kind of harassment.

The month of June was observed as the Month of Safety at AJI Primary.

The aim was to enlighten the students and promote awareness among the students about the ways and means by which they can keep themselves safe at school as well as at other times.

In accordance with this, the fifth graders had open discussions and talks about the various dangers and the respective safety measures to be taken, including cyber safety.

The students also, designed posters incorporating safety rules and slogans. School safety is linked to improved student and school outcomes.

In particular, emotional and physical safety in school are related to academic performance.

Classroom Activities on Cyber Safety

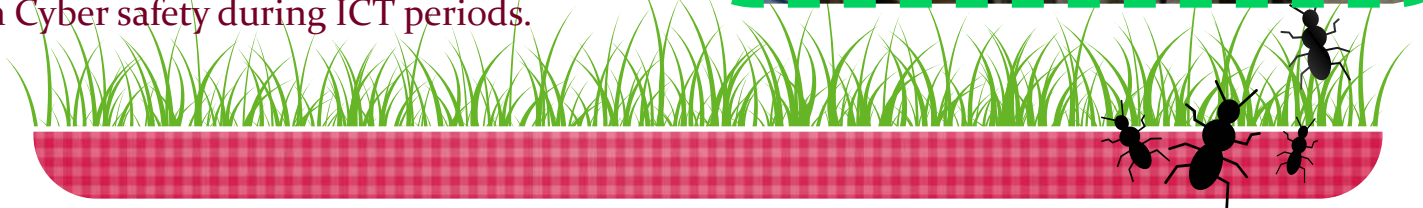

The Internet is without a doubt one of the best resources available to us. Unfortunately it's also extremely dangerous if you aren't aware of who and what lurks behind the scenes.

Everyone should know how to be safe when surfing the web, but internet safety tips and tricks are spread out all over the web without a go-to resource.

Students of Grade 6 conducted a debate on Cyber safety during ICT periods.

MORNING ASSEMBLIES

The morning sets the day and the assembly paves the way for the students to rejuvenate their spirits, remain rooted to the moral values and unleash their vitality.

The well planned assembly conducted class wise clarifies school activities and programs, focusing on important days.

Every child is given the opportunity

and the platform to display their talent and present themselves as individuals.

Guided by their class teacher, the students of Grade 6 D conducted an assembly on the topic TOLERANCE that includes a short skit, presentations, speech, dance, individual experiences etc.

In today's competitive world, regular qualitative and quantitative assessment of students is crucial at the national/international level in order to build up the scientific and IT talent pool.

It is in this sphere that the role of SOF Olympiad has been lauded over these last few years.

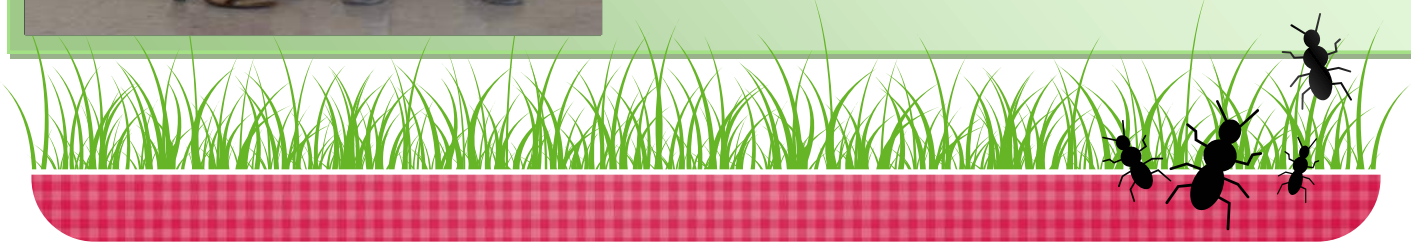

The students of AJI primary bagged achievements and merits for their wonderful performance in SOF assessments in ENGLISH, MATH & SCIENCE.

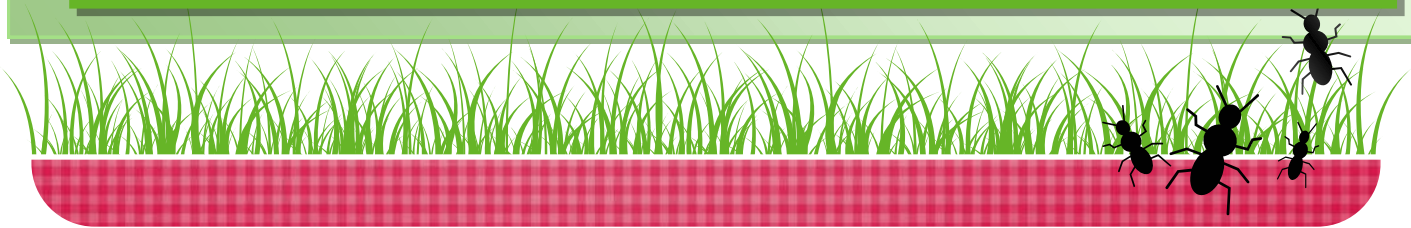

Well done dear students!!!

OLYMPIAD WINNERS

Winners of the 'Question a Day' (QaD) , a new initiative by AD-EK for the students which focuses on improving the cognitive reasoning skills.

Thursday Activities

By participating in activities outside of the classroom, each child has the opportunity to discover their interests beyond the textbook . Al Ain Juniors allows and encourages the children to participate in activities outside of the classroom, we're giving them a route to make new friends, develop new interests, and deepen their social and intellectual growth.

Thursday Activities

Al Ain Juniors has your child's cognitive development and happiness in mind. We focus on nurturing children academically, physically, emotionally, and socially.
