

# THINKERS N BLINKERS

AJ KG NEWSLETTER

OCTOBER 2020

- Remind your child to wash their hands and drink lots of water at all times, or as needed.
- Read with your child daily.
- Please help us by training your child in Spelling and Mental Math

## Virtual Trip To LuLu Hypermarket

Field trips play an important role in learning. They link the classroom experience with the outside world and in doing so they drastically improve the process of learning, and also give both the learners and educator valued practical experience.

In order to connect with our Inquiry in a better way we chose to go on a virtual tour to Lulu Hypermarket. The children saw a wide variety of food and goods which help us to follow healthy habits on a day to day basis.

Welcome to our page!

- ➔ Virtual trip to lulu hypermarket.
- ➔ Class activity.
- ➔ Slumber Day.

**Class Activity:** "Classroom activities" applies to a wide range of skill-based games, strategies and interactive activities that support students Educational development.

The goal of all activities is to enhance students understanding, skill or effectiveness in all areas by engaging multiple Styles of learning.

# Slumber Day

A sleepover with friends can be a great way for your tween to bond and learn the art of social interaction. The children also acquires social skills — how to behave outside the confines of the home, yet within the secure environment of the school. The little ones gets a chance to unwind and relax, away from the constant attention of the parent yet under the caring vigil of their teachers. Today's parents are very enthusiastic and encourage their children to participate in varied activities. The idea of a slumber day is to just have fun with friends through reading bed time stories to develop their imaginary skills and also play the role of their favorite character.
