

# THINKERS N BLINKERS

AJB Senior KG

February 2020

Issue : 6

**Don't  
Forget!**

- Remind your child to wash their hands and drink lots of water at all times, or as needed.
- Read with your child daily
- Please help us by training your child in Spelling and Mental Math

**Welcome to our  
page!**

## SR.KG Wednesday Assembly

Every Wednesday of the week, our Senior kindergarten is having the Assembly. We are gathered in the school auditorium. This is where you will see us, showing what we have learned inside the classroom. It also helps to developed their confidence to talk in front of the audience and perform on stage. We are enjoying to do it. We feel proud of it!

SR. KG-D by Miss. Simran performed about “Animals Habitats”

While SR. KG –E performed about the “Rainforest”

# Come on, let us explore our Free Zone Area. . .

Our Free Zone Area is the place where our children can choose the activities that they want to. Engaging in different places with their best mate and play mates such as:

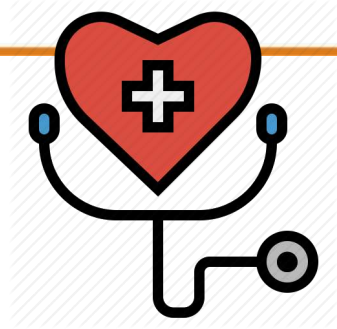

# Ice Cream Parlor

No matter what , cold or hot! Let us have an ice cream in a cone or a cup. Delicious flavours, the choice is yours!

# Our Health Clinic

Our doctors and nurses were here to help. Do not be afraid, they will guard your health! Fight the COVID 19.....!

# Physical Education Activities

To assess if a child is physically, emotionally and socially fit, we give different activities to them. They can do different movements freely and maintain body balance.

# Our Mini Library

Picture reading during library hours help us to bond. Sharing and listening to the stories we like. It is our moment to appreciate the books to sit and read quietly beside my friends.

Here and there we

# How about our KG Classroom. . .

We have a role play area to explore . Things will be displayed according to the theme,

# READING CORNER

*“Today a reader, tomorrow a leader”*

Each child has given the opportunity to excel in different areas of learning inside and outside of the classroom, one of these is the reading habit.

# Classroom Activities

We paint, we cut, we draw and we write. These is our favourite thing! We all enjoyed in the class!

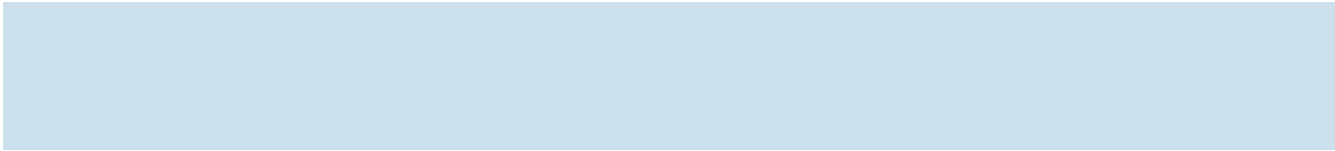

# Parents as partners

Parents are most welcome to come to school to be as partners.

It can be story telling, art and craft, cooking and baking ( no stove required) , assist the teacher in class, decorate the classroom anything that can be of help to the children .

# Health for kids

Mr. Mark Bisda our school Nurse visited the classroom for KG to show the proper washing of hands.
