UAE Flag Day and Commemoration Day

The United Arab Emirates Flag Day is a national occasion where people of the UAE remember the efforts of the founders of their State, Sheikh Zayed and Sheikh Rashid, and their brothers who sacrificed everything for the sake of their nation.

Al Ain Juniors School celebrated this day by conducting a live Flag hoisting ceremony. Grade 6 students celebrated the flag day by making Lanterns in UAE flag colours and flags using colour papers.

Classroom Activities

Science: Science is what we do to find out about the natural world. ... Natural science makes observations and experiments. Science produces accurate facts, scientific laws and theories. 'Science' also refers to the large amount of knowledge that has been found using this process. Research uses the scientific method.

Grade 6 students learned about the adaptation and evolution of many living species and fossil records They were engaged in the class by doing many quizzes and live worksheets.

Science club Activities

The aim of science club is to provide an opportunity for students to participate and explore activities related to science. Students of grade 6 had done few experiments and activities in this month which include DNA extraction of fruit sample, working model of Balloon toy car , logo designing for science club and density experiment using different liquids.

Classroom Activities

MATHEMATICS ACTIVITIES

Area and perimeter Robots:

Students get a chance to create their own robots using grid paper, solve for the body parts' area and perimeters and record them in the robot's speech bubble.

Shapes animals Craft:

Students enjoyed making animals by using 2D shapes

Classroom Activities

MATHEMATICS ACTIVITIES

Mathematics:

Statistics was taught in this month. It included finding the mean, mode, median and range for given numbers, as well as calculation of mean from a frequency table.

Other topics touched were divisibility rules and, multiplication and division (interlinking the two.)

Chapter 11: Averages

L.O:

Calculate the median of a given set of numbers.

- ALL can find the median for odd number of values.
- Most can find the median for even number of values.
- Some can find the missing number when median is given.

Find the median:

1) 1, 5, 2, 9, 7, 3, 6

A.O.: ○ ○ ○ ○ 5 ○ ○ ○

Median = 5

2) 9, 3, 11, 7, 16, 8

A.O.: ○ ○ ○ 8, 9 ○ ○

Median = $\frac{8+9}{2} = \frac{17}{2} = 8.5$

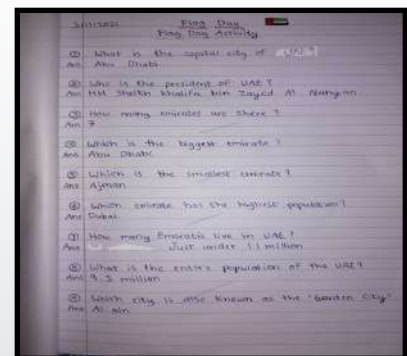

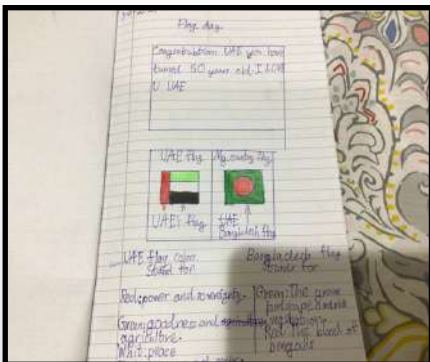

Since we have two numbers in the middle, we find their average.

Classroom Activities

GEOGRAPHY ACTIVITIES

Gr 6 of AJBP celebrated the month of Nov as Humanities month where students participated in various programs on 3rd Nov, UAE Flag Day was observed throughout the phase, by conducting quizzes in the class, displayed the corridors with the various countries Flags and the candle of hope between countries.

50th UAE National Day. The celebration highlighted the country's heritage as the students paid tribute to the nation through various programs that displayed the traditional and culture of the country by participating in the Virtual Assembly.

AJBP also had a Virtual Assembly, Students were dressed with UAE flag colour clothes, and UAE traditional attires. Students performed in different activities that showcase UAE culture.
