

AJB/Cir/2016/17 /PPI/Feb 2017

Date: 20.02.2017

Dear Valued Parent,

Greetings! You are invited to attend **parental engagement session** for grade 5 A & B students on

A thematic approach to teaching and learning

Time 2: 15 to 3:30 pm

Venue: School Multipurpose hall

Thematic approach is a way of teaching and learning, whereby many areas of the curriculum are connected together and integrated within a theme.

- ✓ Thematic approach allows learning to be more natural and less fragmented.
- ✓ It allows literacy to grow progressively, with vocabulary linked and with spelling and sentence writing being frequently, yet smoothly, reinforced.
- ✓ It guides connected ideas to follow on easily through cross curricular linking of different subjects.

The result of working the thematic approach way is that children will:

- ✓ enjoy learning
- ✓ be more actively involved,
- ✓ develop learning skills more quickly, as each one is connected to and reinforced by the other
- ✓ be more confident and better motivated
- ✓ Present fewer discipline problems.

We kindly request you to attend the session with the best interest of your child.

We Look forward to your co-operation
