Hi children,

Summer Vacation is a welcome break..... breaks free from fixed schedules, rules and regulations of school, freedom brings more responsibility, keeping this in mind, we have planned most of the activities for you to keep you engaged positively and your energies well directed. We hope your homework and activities will be well managed and presented.

We wish you a wonderful time ahead!

Here are some ways by which you can make your holidays fun and learning at the same time:

- Go for a walk with your family, talk about things you see around.
- Be an eco-friend: Plant at least one plant and take care of it during the holidays. Try to visit a nursery and observe the variety of plants you see there.
- Play outdoor games: Computer games are good they sharpen your intellect but what about the rest of your body. You need some exercise, don't you? Go cycling, play badminton, cricket, etc. anything which will make you fit.
- Care and Concern: Look after your grandparents, parent, younger brother and sisters. Help parents in small household chores like dusting of the house, cleaning wardrobes and watering the plants.
- Cultivate manners: Use the golden words 'sorry', 'please', 'thank you' and 'excuse me'. Make these a part of your personality.
- Converse in English as much as possible.
- Improve your handwriting. Practice handwriting daily (one page)
- Read extensively to enhance your communication skills and list out the titles you read during holidays.

Few guidelines for the parents and the students:
