L.O.:To engage the students in productive learning during the winter vacation.

*Hello kids,*

*Winter is the time for comfort, for good food and warmth, for the touch of a friendly hand and for a talk beside the fire: it is the time for home.*

*Enjoy with your family and friends with festive occasion revolving around. Along with that, there is a lot more you can do to make your vacation more interesting, meaningful and full of fun; along with doing all your heart's desire.*

*Wish You a Happy New Year 2018!*

### Math

- Learn Multiplication tables 2 to 10 thoroughly

### **PIZZA FRACTION PROJECT!**

**Be Unique and Creative**

**Instruction sheet for the kids to follow.**

**Represent 5 different fractions using different toppings.**

**Include a "key" explaining fractions.**

**Your pizza project will contain**

- Either a pizza drawn or made out of different pieces of paper to represent a pizza and the different toppings.
- The pizza should be divided into at least 8 pieces (but can be more)
- You should represent at least 5 different fractions using different toppings for your pizza. (For example, 8/8 of the pizza is cheese, 1/2 is sausage, 2/4 has onions,...)
- Whether you draw your pizza (must be colored) or cutout your toppings from other pieces of paper, I should be able to identify the fractions represented. (don't make it tiny)
- Your pizza pieces should be equal (they don't have to be perfect but very close to equal amounts)
- A "key" that represents each one of the different fractions of your pizza and the toppings that are included in those fractions
