## SUBJECT: LAUNCH OF NEXOPAY<sup>®</sup> APP

Dear parents,

Greetings!

The COVID pandemic has prompted an unprecedented usage of remote technologies in education and this is very likely to continue into the future as schools prepare themselves for a post-pandemic outlook.

**Al Ain Juniors School** very quickly adapted to remote learning and our teachers almost immediately switched over to online teaching, ensuring that not a single day of your child was lost without learning. Al Ain Juniors was also one of the first schools to be virtually inspected and to be awarded with the highest rating by ADEK and we continue to maintain high standards.

The world now is moving towards accessing information at our fingertips, on our PCs and mobiles. We at AJ understand that as parents you expect accurate and on-time information about your child to be accessible from where ever you are and whenever you need it.

**Al Ain Juniors School** announces the launch of the NEXOPAY<sup>®</sup> App, from Nexquare. You can now access real-time information through the app with intuitive 360° view dashboards and various features giving you access to your child's educational journey at their school. The various features include:

- Circular notifications and downloads
- Attendance and statistics
- Current time-table and events
- Clinic visits and behaviour incidents
- Leave application and leave history
- Fee payment and receipt history
- Academic performance and analysis (Coming soon)

**NEXOPAY<sup>®</sup>** can be downloaded from the Appstore on Apple iPhones or the Google Play Store on Android phones.
