KNOW YOUR ROOTS- SOCIAL MONTH

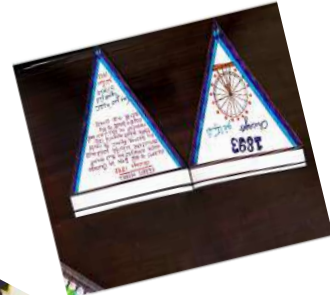

The start of SSc Month were lively and energetic with the Face 2 Face students using their creative skills to display current topics in pic and written information. These Bulletin boards were visually appealing and stimulating to both students and teachers to reinforce the topics displayed. Some of these boards were interactive as questions related to the topics were asked .

Themes of the bulletin board were Expo 2020 –Some Must see pavillions./ Timeline of Expo Innovations/Towards the Next 50/Sustainability/Themes of various UAE years/Cross Curricular History and Math.

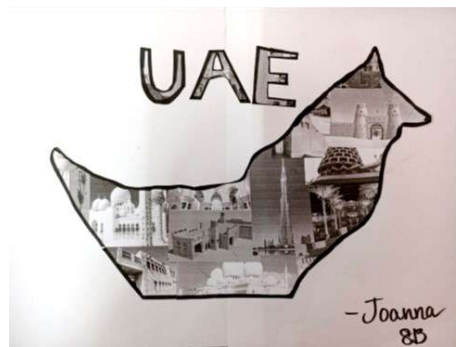

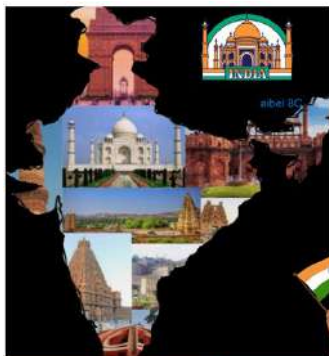

POSTER

Students were asked to research and come up with a time line of Expo Innovation which were created in Triangular posters to display in Corridors. Students worked independently and submitted their work...thereafter teachers were responsible to assess the students and chose the best three participants.

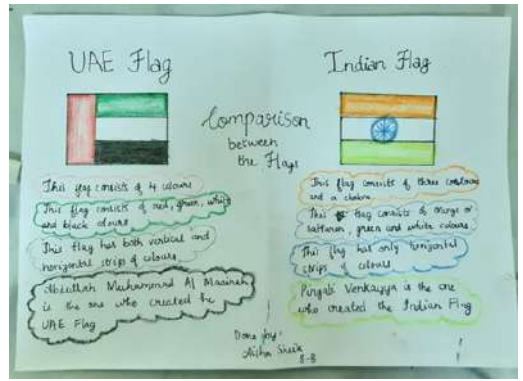

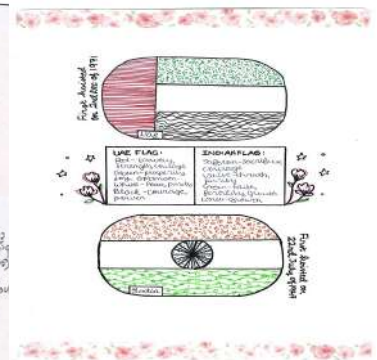

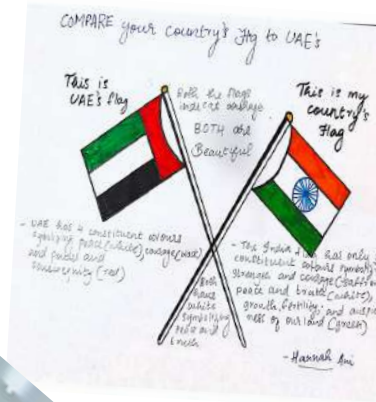

COLLAGE

Students were asked to investigate and collect various ancient and modern architecture of India and UAE prior to the Thursday activity .During the activity students worked independently and submitted their work thereafter teachers were responsible to assess the students work the best three participants were awarded the winners of this task.

UAE-NATIONAL FLAG DAY

UAE National Flag Day was celebrated this year with the Flag hoisting Ceremony at 11 am ,with students both in F2F and DL mode standing in attention as the National Anthem was being played while the Principal of Alain juniors hoisted the UAE Flag . In Classroom after discussion of the significance of UAE Flag and it's colors, teachers gave activity to students ,to compare the flag of UAE with that of the students' home country. Students enthusiastically participated and submitted their task on time.

ADNOC: Energy For Life Competition

Team Galactic rulers bagged the second prize in the final leg of this Journey for their excellent design of future ADNOC station and outstanding performance in all the stages of the competition. As per the Competition brochure, all the top 5 teams will be getting a Virtual Reality (VR) Lab and trophies

The entire journey began in the month of April 2021,

Stage 1 - All the students of Grade 5 - 12 (Both AJI and AJB) were given the opportunity to explore the activities of the OIL and Gas industry through a virtual tour. After the tour, an assessment was conducted and 93 students from AJB and 54 Students from AJI were qualified for the next round.

Stage 2 - In the second-round students from grade 5 - 12 were given the opportunity to enter the competition "Design a Future ADNOC Station"- 17 Teams from AJS (11 AJI and 6 AJB) participated in the competition and 1 team each qualified for the semi-finals.

Stage 3 - Virtual semi-finals - Team Galactic rulers were one among the 10 finalists.

Stage A: Mentorship Programme at ADNOC Business Centre Abu Dhabi

Stage B: Presentation at YOUNG ADIPEC, ADENC Abu Dhabi

Stage C: Final Quiz and Presentation in front of the Jury Members (Won the First Position in the Quiz and Over All 2nd position)

Special thanks to our coordinators Ms. Leksmi Chandran (AJI), Ms. Meera Mohan (AJB), HODs , coordinators and all teachers of the Science Department.

CONGRATULATIONS !!!!!

CONGRATULATIONS !!!!!
