

Welcome, Grade 2 explorers, to an exciting summer holiday assignment! Get ready for an imaginary trip to the captivating islands of Andaman and Nicobar. In this assignment, we will embark on a virtual journey, discovering the breath-taking tourist destinations that make this place a paradise for travellers.

Destination Description:

Andaman and Nicobar Islands are a group of exotic islands located in the Bay of Bengal. Known for their pristine beaches, crystal-clear waters, and lush greenery, these islands offer a delightful blend of natural beauty and cultural diversity. Our exploration will take us to some of the most stunning locations, where we can soak in the sun, admire marine life, and immerse ourselves in the island's rich heritage.

ENGLISH

Welcome to your holiday assignment on the Andaman and Nicobar Islands! Through art and English language activities, you will have the opportunity to express your creativity and learn about this fascinating destination.

Vocabulary Building

- Compile a list of ten new words related to the Andaman and Nicobar Islands.
- Write each word on a separate piece of paper, along with its definition. Ensure that they are all the same size for consistency.
- Add visual cues to help you remember the meaning of the word. You can draw a simple picture or symbol that represents the word. For example, if the word is "beach," you can draw a picture of a sandy shore or an umbrella.
- Get creative and decorate your flashcards with colours, patterns, or small illustrations that make them visually appealing.
- Finally, organize your flashcards in the desired order, ensuring that they are facing the same way. Use a hole puncher or stapler to secure the flashcards together.

1. Unveiling Andaman and Nicobar: Exploring the Landmarks of Wonder.....

- **Learning Objective:** To explore the characteristics of important landmarks in Andaman and Nicobar.

We will embark on a virtual journey to discover fascinating facts and features of some renowned landmarks in the tropical paradise-Andaman and Nicobar. Plan a trip with your family members to Andaman and Nicobar. Prepare a 7 day itinerary (day-wise) that includes the following things.

Let's drive and explore the wonders of this enchanting destination!!

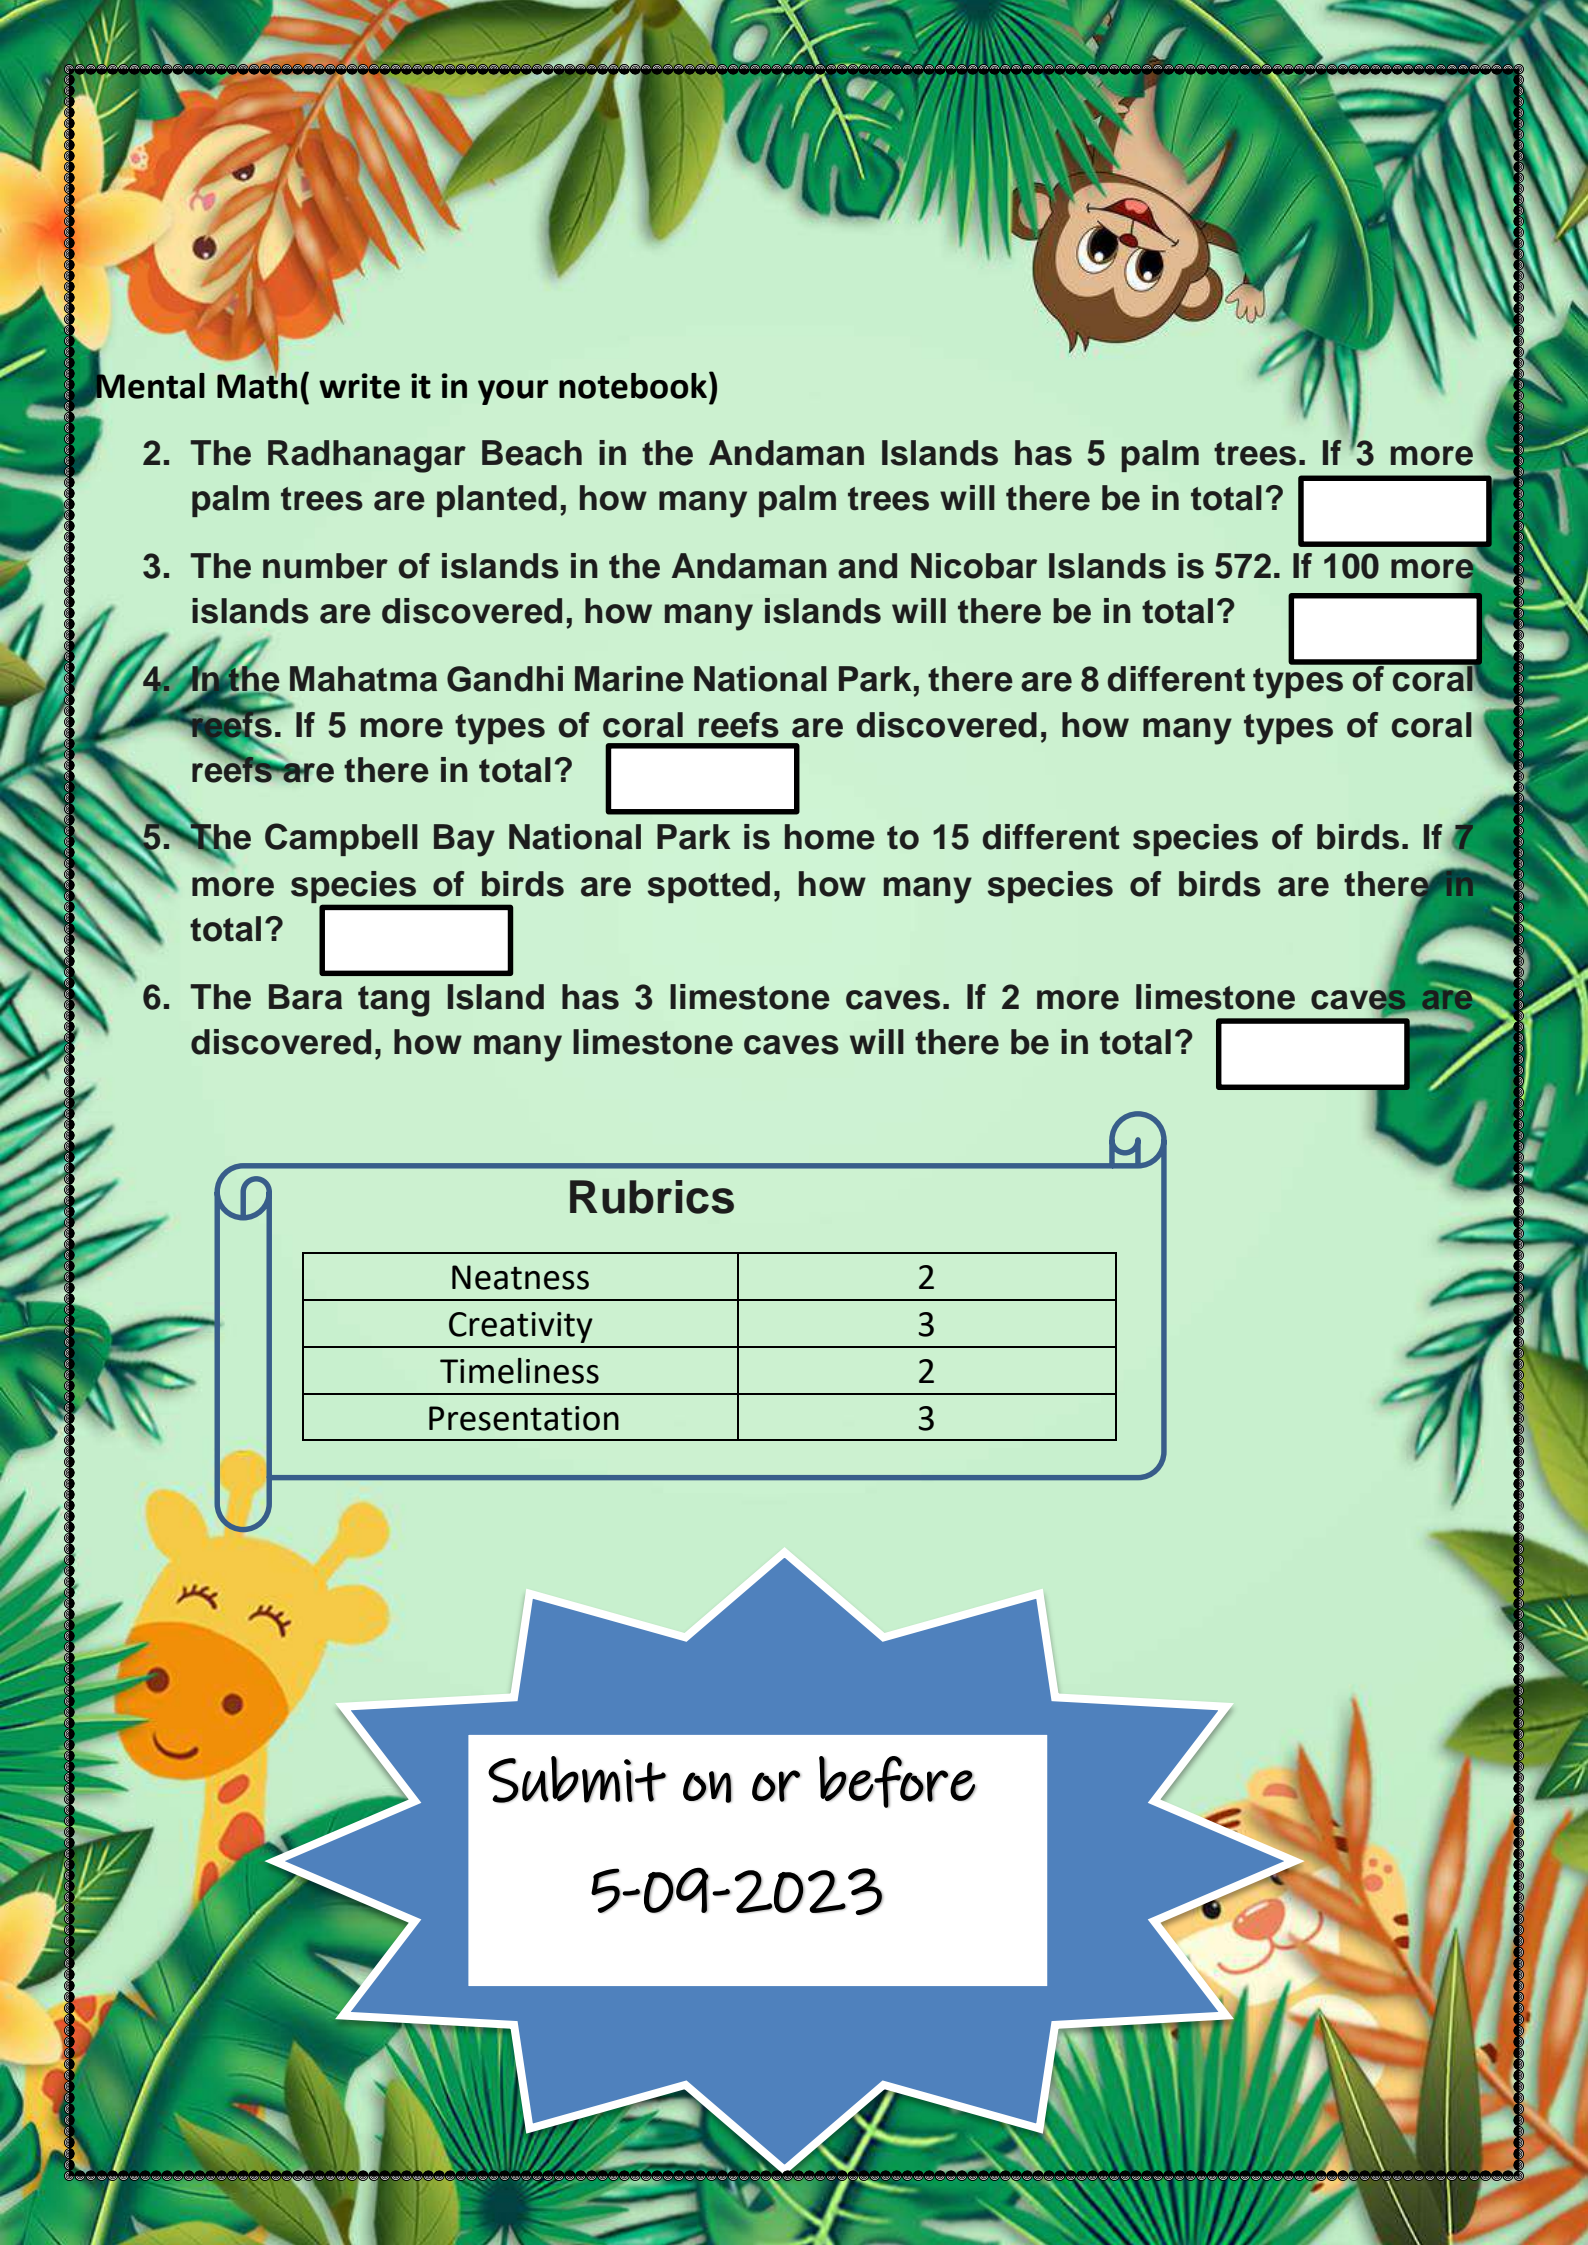

Choose one important landmark in the Andaman Islands, such as the **Cellular Jail**, **Ross Island**, or the **Mahatma Gandhi Marine National Park**.

Research and gather information about the chosen landmark. Find out the following details:

- The number of buildings or structures in the landmark.**
- The number of trees or plants in the landmark.**
- The number of animals or birds commonly found in the landmark.**
- The number of visitors the landmark receives in a year (if available).**
- Any other interesting number-related facts about the landmark.**

Create a math fact file or poster about the landmark, including the information you gathered. Use numbers, pictures, and words to present the facts creatively.

Mental Math(write it in your notebook)

2. The Radhanagar Beach in the Andaman Islands has 5 palm trees. If 3 more palm trees are planted, how many palm trees will there be in total?
3. The number of islands in the Andaman and Nicobar Islands is 572. If 100 more islands are discovered, how many islands will there be in total?
4. In the Mahatma Gandhi Marine National Park, there are 8 different types of coral reefs. If 5 more types of coral reefs are discovered, how many types of coral reefs are there in total?
5. The Campbell Bay National Park is home to 15 different species of birds. If 7 more species of birds are spotted, how many species of birds are there in total?
6. The Bara tang Island has 3 limestone caves. If 2 more limestone caves are discovered, how many limestone caves will there be in total?
