Title: Exploring Lakshadweep and Andaman and Nicobar Islands

Objective:

The objective of this assignment is to research and create a travel brochure highlighting the unique features and attractions of Lakshadweep and the Andaman and Nicobar Islands. Students will develop their research, writing, and presentation skills while learning about the tourism potential of these two beautiful island destinations in India.

Instructions:

Research:

- Conduct thorough research on Lakshadweep and the Andaman and Nicobar Islands, focusing on their geography, culture, history, and popular tourist attractions.
- Gather information on the various islands in each archipelago and their unique features.

Brochure Creation:

- Design a visually appealing travel brochure using a computer software or by hand. Include the following sections:

Introduction: Provide an enticing introduction to both destinations, capturing the readers' attention.

Geographical Features: Describe the geographical characteristics of the islands, including their location, climate, and marine life.

Cultural Highlights: Highlight the local culture, traditions, and festivals celebrated in Lakshadweep and Andaman and Nicobar Islands.

Top Tourist Attractions: Choose at least five must-visit tourist attractions from each archipelago and provide detailed descriptions and appealing visuals.

Adventure Activities: Include information about adventure sports and activities available for tourists in both locations.

Accommodation and Food: Describe the types of accommodation available and the local cuisine that visitors can enjoy.

Safety and Travel Tips: Offer helpful advice and safety tips for visitors planning a trip to Lakshadweep and Andaman and Nicobar Islands.

Presentation:

- a. Prepare a short presentation based on your travel brochure. Use visual aids, such as PowerPoint slides or posters, to support your presentation.
- b. Present your travel brochure and share interesting facts and personal insights about the islands.

Assessment:

Students' assignments will be assessed based on the following criteria:

Depth of research and accuracy of information.

Creativity and visual appeal of the travel brochure.

Clarity, organization, and coherence of the presentationn.

MATHEMATICS

Tourism in Andaman & Nicobar Islands and Lakshadweep

Objectives

- *To understand the impact of tourism on Andaman & Nicobar Islands.*
- *To analyze and visualize tourism data using histogram and bar graph.*
- *To identify patterns and trends in tourist arrivals and activities in the region.*
- *To explore the relationship between tourism and the local economy and environment.*
- *To enhance research and data visualization skills.*

Methodology:

Research:

- *Begin by conducting research on the tourism industry in Andaman & Nicobar Islands.*
- *Explore the historical background, popular tourist destinations, types of tourism activities, and the overall impact on the region.*
- *Gather relevant data on tourist arrivals, accommodation facilities, tourist attractions, and other related information.*
Ensure you use credible sources such as government reports, tourism department websites, and research articles.
- *Identify key factors influencing tourism in the region, such as accessibility, natural attractions, cultural heritage, and government initiatives.*
- *Analyze the collected data to identify any trends, seasonal variations, or changes in tourist preferences over time.*

Histogram Analysis:

- *Select a specific aspect of tourism to analyze using a histogram, such as the number of tourist arrivals per month or the duration of stay.*
- *Prepare the data for the histogram by organizing it into appropriate bins or categories.*
- *Use a spreadsheet or statistical software to create a histogram that represents the data effectively.*
- *Interpret the histogram by analyzing the distribution of data, identifying peaks or clusters, and drawing conclusions about the aspect of tourism being examined.*

Bar Graph Visualization:

- *Choose another aspect of tourism, such as the types of activities preferred by tourists, or the revenue generated from different sectors.*
- *Collect the relevant data and organize it into categories or groups.*
- *Create a bar graph using suitable software, ensuring proper labeling, and scaling of the axes.*
- *Interpret the bar graph by comparing the heights of the bars, identifying significant differences or patterns, and drawing conclusions about the relationship between tourism and the chosen aspect.*

RUBRICS

- Creativity - 3 Marks
- Presentation - 3 Marks
- Originality - 2 Marks
- Timely submission – 2 Marks

Guidelines

- Design the cover page.
- Research work must be handwritten on A4 size paper.
- Your work should be attractive and colorful with related pictures.

SCIENCE

Topic: - "Travel and tourism in Andaman and Nicobar Island and Lakshawadeep Islands

Objectives

- To Identify measures taken by authorities to promote sustainable tourism practices.
- To Analyze the impact of tourism on local communities, economy, culture and environment.
- To Understand the scientific principles underlying common modes of transportation used in travel and tourism.
- To Analyze how technological advancements have impacted the efficiency, safety, and sustainability of transportation systems.

Methodology :

Conducting research on the tourism industry in Andaman & Nicobar Islands.

Explore the transportation system, impact of tourism on local communities, economy and how technological advancement have impacted the efficiency, safety and sustainability of transportation system.

Data could be collected from authorities responsible towards promoting sustainability .

NOTE: Kindly prepare the innovative model for the upcoming science exhibition after completing your holiday assignment.

Science exhibition will be held in the month of September 2023.

1. Collect the materials required for preparing the model
2. Assemble the materials in an organised way for the successful completion of the model.
3. Make a short video (maximum 3minutes) of your model / also record the picture of the model

S.NO.	ASPECTS	MARKS
1.	Content accuracy and originality	5
2.	Presentation and creativity and perfection	3
3.	Process of Project Completion: Initiative, cooperativeness, participation and punctuality	2
4.	Total	10

SOCIAL STUDIES

Topic: - "Travel and tourism in Andaman and Nicobar Island Islands (History)

"Location, Relief and formation of Andaman and Nicobar Islands"~ (Geography)

Project Description: History

In this art integration project, students will explore the famous tourist destinations of the Andaman Islands such as Cellular Jail, Ross Island, Viper Island, Minicoy Island, Agatti Islands, Bangaram Island, Scuba Diving in Lakshadweep, Kavaratti Islands, Kalpeni Island and of these Islands

LEARNING OBJECTIVE: The project aims to promote awareness and appreciation of the beautiful natural destinations of these Islands.

Project Description: Geography

In this art integration project, students will explore Location, Relief and formation of Andaman and Nicobar Islands and Lakshadweep Islands with both information and pictures with appropriate captions.

LEARNING OBJECTIVE: The project aims to raise awareness about location, Relief and formation of Andaman and Nicobar Island and Lakshadweep Islands of the

islands.

TASK: - Create an Info graphic PowerPoint (To be done in Groups). The assignment should be presented with neatness, creativity and relevance to the topic.

An info graphic (information graphic) is a representation of information in a graphic format designed to make the data easily understandable at a glance. Infographics often use visual tools such as timelines and graphs to catch the attention of the viewers.

How to create info graphics on PowerPoint

1. Start a new presentation. ...
2. Change slide to portrait mode. ...
3. Choose a background. ...
4. Add title and subheading text. ...
5. Open "SmartArt" and choose your visual elements. ...
6. Add informative text. ...
7. Add images. ...
8. Save your infographic

القراءة

اقرأ القطة الآتية ثم أجب عن الأسئلة

البطريق

البطريق طائرٌ مائيٌّ يصلُّ ارتفاعه بين 40- 120 سنتمترًا، صدره أبيضٌ وظهوره بُيُّ اللون أو رماديّ. قدماه قصيرتان ويستطيع الوقوف عليها مستقيمًا مثل الإنسان، وهو يمشي بطريقة بطيئةً وغريبة تُثير الضحك أحيانًا

البطريق سباحٌ ماهرٌ وليسَ بعداءٍ كطائر النعامة، ولا يستطيع الطيران لأنَّ جناحيه قصيران ويشبهان الزعانف لعدم استخدامهما

البطريق طائرٌ اجتماعيٌّ يعيشُ أشرباً قد يبلغ عددُ أفراد الواحد منها بضعة آلاف

تضع الأنثى بيضةً أو بيضتين ولا تأكلُ أثناء فترة الحضانة

1) أجب عن جميع الأسئلة التالية بخط واضح

أ) لماذا لا يستطيع البطريق الطيران ؟

.....

.....

ب) لماذا يُعتبر البطريق طائرًا اجتماعيًا ؟

.....

.....
.....

ج) متى لا تأكلُ أنثى البُطريق ؟

.....
.....

د) لماذا يُشبهُ البُطريقُ الإنسان ؟

.....
.....

الكتابة

أكتب موضوعاً بين 130 و 140 كلمة عن

اشتريت هدية لصديقك لتشارك في احتفاله بمناسبة سعيدة مستعيناً بالنقاط التالية :

1. مناسبة الاحتفال 2- صف الهدية 3- لماذا اخترت هذه الهدية 4- كيف ستشجع زملاءك على تبادل الهدايا
