Day of Welcome!!!

The students of AJI were welcomed back to school on 8th April 2018 with positivity, excitement and a whole bunch of interesting activities conducted by their class teachers.

Setting behavioural rules to shape their character.

Club Reports...

Iqra Club

The ultimate outcome of Iqra Club is to create a generation of citizens who have resilience, perseverance, critical thinking and discipline. These objectives are achieved by involving students in games, activities, group presentations, and planning on different topics to

prepare them for the outside world.

Endear Culture

Teach students about **culture**, both of

the UAE and of the wider world, and enable them to value the wealth of culture available across the world.

Club Report Continued...

Children engaged in preparing the sandwich.

Junior Chef

Junior chef Club was started on 12th April. The teachers in charge were Ms. Sheena & Ms. Ruby. First day was just an introduction about the club and items to be brought the following week. School veranda of

Grade 4 to 6 was filled with the aroma of fresh bread, veggies, cheese and sauce when around 45 chef turned students of class level IV, V & VI participated in making sandwich on 19th April and learnt to be innovative, creative and inde-

pendent. Students gained confidence by presenting and speaking to the teachers who peeped into the classes. Students grew their understanding of school meal requirements (the breakfast) and the basics of nutrition.

Green Team

Science Department conducted various activities under the Green Team Club on 19th April, 2018. Students from Grades 4 to 6 participated enthusiastically to make the activities a great success.

To create awareness about the importance of saving our environment, the students were asked to do 'Best out of waste'. This activity enabled the students to know how the

waste materials can be re-used in their day to day life and thus reducing the waste dumped into the Earth. The activities of the Green Team Club gave them the idea of how 3 R's can be implemented in their daily life.

**“Think Green,
Live Green,
Act Green”**

Club Report Continued...

Children turning literacy to artistic work.

LiterArt Club

AJI has introduced a great concept of clubs as part of the extracurricular activities that help in the overall development of students. One of these is LiterArt club which aims in developing technical

skills and increase visual literacy, good habits of mind and character.

The students of LiterArt club

worked on creating art out of

waste and discussed how they are going to incorporate art into literature and showcase their talents.

Wizard Club

Mathematics Department

conducted various activities under the **Wizard Club on 19th April, 2018**. Students from Std. IV to VI participated enthusiastically to make the activities a great success.

The **Purpose of Math Club** is to develop students' level

of **Math** skills and knowledge. This will be accomplished by using games, **activities**,

puzzles and mock competitions. **Math**

Club will support classroom learning, enrich their skills with higher order thinking, and prepare students for future **Math** Competitions.

*“Enthusiastic,
Inventors of
Mathematics”*

Club Report Continued...

Heritage Club

Social Science Department conducted various activities under the **Heritage Club on 19th April, 2018**. Students from Std. IV to VI participated enthusiastically to make the activities a great success.

To create awareness about involvement of UAE in maintaining Happiness students were asked to present a Speech, Poster making, Essay Writing, Poems on **"The Year of Happiness"**. These activities enabled the students to know how UAE has gained an impressive seven places

in the annual **World Happiness Report**, moving from **No 28 in 2016 to No 21 this year...** The activities of the Heritage Club gave them the idea of helping others without expecting anything in return to keep others happy.

Read, Grow & Live in the World of Happiness.....

"Happiness does not have a price tag, so smile"

"Education is like a lantern which lights your way in a dark alley"

Assembly Updates...

Assembly a source to develop...

Learning

Communication

Togetherness

Sharing & Caring

Collaboration

Team work

Self confidence

Critical thinking

Creativity

Global and Environmental Awareness

Respect towards country

Grade 6A students performed a skit on adopting a positive attitude as a way of life which will help to cope more easily with daily affairs of life, and would bring constructive changes into our life.

Grade 6A Assembly photos

Grade 6B students assembly was focused on the theme 'Be Positive' to convey the message of hard working. They effectively presented the theme through skit based on a story of 6 Seeds. Through the presentation students got an awareness that Attitude creates the way they feel about people and situations.

Grade 4-6:

To create awareness and highlight on the event of 'Isra ul Miraj' and students understood the importance of the day and how one has to follow the rules during their lifetime.

Electing Leaders.....

AJI teachers nominated the six top students. Ms. Humera and Ms. Sindu explained the importance of Student Council and the roles and responsibilities each individual has to endeavor during the election process .

Electing the right leader

On Thursday 12th April, 2018 during morning assembly the nominees delivered the speech in an innovative way.

On Wednesday 18th April, 2018 electronic online election took place with the support of Ms. Sufiya from ICT Department.

Arabic Week!

Students of Grade 4 to 6 became aware of the importance of Arabic in their day to day life through various activities and visit to the book fair. They enjoyed the full week by reading, having special assembly, puppet show and other series of events.

Earth Day Awareness...

Earth Day was first celebrated on April 22, 1970 throughout the United States. Then to increase the awareness of the clean environment, the Earth Day is celebrated every year in the whole world. On the occasion of Earth Day every person will have to learn to use natural resources economically, then the earth will be blossomed with various forms of life, fulfilling our needs.

Our planet earth is very beautiful and life-giving. Earth Day is the leading and celebrated environmental event at

international platform. Earth Day commemorates Earth's unique place in the universe. Earth Day is a day to educate people on how to protect the planet.

Educational Trip!

AJI Social studies department organized an educational trip for Grade 5 students to Al Jahili Fort to enhance their knowledge on the cultural and historical background of UAE and admired the beauty of nature of Al Ain which inculcated among the children the source of inspiration to know and learn more about U.A.E.

Education is the movement
from darkness to light.
