MESSAGE FROM VICE PRINCIPAL

As the head of AJI, it is my privilege to lead a school that defines excellence & ensures that every child has a meaningful education in a stimulating & safe environment.

We at AJ realize that every student is unique & it is our endeavour to discover the genius in each of the learners. We have the privilege to teach, tapping their individual talents & supporting them to be the best they can be.

I believe that an enriched curriculum makes all the difference, with the CBSE framework as the foundation for all we do. Our team of teachers will transform and infuse it with innovation & curiosity which will help the young minds to face the challenges the world has to offer.

As we plan & execute the educational journey of our students, we will not be able to achieve it without you - our parents who are an integral part of our school & our valuable stakeholders in our collective success. We see you as our most constructive reviewers. In turn, my colleagues & I are always on Hand for any assistance at any time.

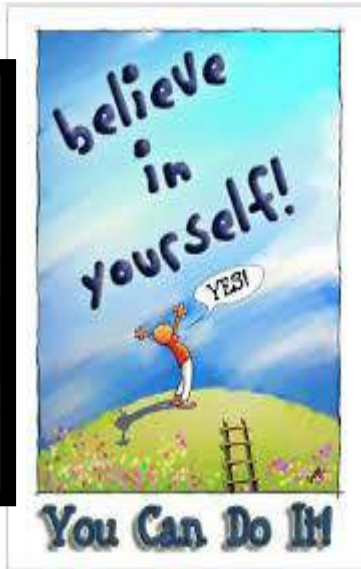

Our AJ educational core values help us to achieve excellence in all aspects & we are immensely grateful for the encouragement & support we receive from our parent body and wider management team.

Together we will positively influence your child's learning experience----- Future is here.

Humera Sharief

The students of AJI were welcomed back to school on 7th April 2019 with positivity, excitement and a whole bunch of interesting activities conducted by the class teachers.

EARTH DAY CELEBRATION

Earth Day Competition

EARTH DAY CELEBRATION

Earth Day Assembly

A good education is the greatest gift you can give yourself or anyone else.

—Mahtab Narsimhan

Knowledge

VISITS

Al Jahili Fort

School organised an Educational Field trip to – Al Jahili Fort in Al-Ain.

The visit to Jahili fort symbolize the traditional architecture and cultural heritage of Abu Dhabi.

Students were able to understand the purpose behind the construction of the fort, the protection of palm farmers and also were able to state the importance of traditional architecture and cultural heritage.

Students observing the Model of the Al Jahili Fort

Old house of Sheikh Zayed

Documentary on Al Jahili fort architectural design and construction.

VISITS

Emirates Dates Factory, Al Foah

School organized an Educational Field trip to – Emirates Dates Factory, Al Foah for grade 6 students. The students were able to observe how dates were received, packed and cleaned under hygienic conditions. The students understood that the fruit has sustained generations and has become an integral part of the UAE's heritage and identity. They gained knowledge that there are currently over 44 million date palms in the UAE that can be grouped under 199 different varieties and together produce 76,000 tonnes of fruit every year.
