

THINKERS N BLINKERS

AJI SENIOR KG NEWS LETTER

FEBRUARY 2020

- Remind your child to wash their hands and drink lots of water at all times, or as needed.
- Read with your child daily
- Please help us by training your child in Spelling and Mental Math

Assembly

Morning Assemblies are important for kids, as routine is the first step towards good future and students are the future of the Nation. It makes students feel fresh and energetic with positive vibration. Students get a chance to deliver Morning Prayer, speech and so on. Assemblies are also meant to keep children awake throughout the day while they engage in studies in the class, with great interest, and also help them behave in a disciplined manner with the teachers and fellow mates. It boosts

their energy thereby enhancing their play sessions.

The students of senior KG D and E presented their class assemblies on the topics of “water” and “transport” respectively. They explored the importance of water, its sources, uses, water pollution, modes of transport and outer space. They have also spoken about the UAE astronaut Hazza Ali Al Mansouri. They were eminently excited while doing their presentation with their model projects.

Class Activity

Meaningful activities enable students to engage with and develop their skills, knowledge and understandings in different ways. Children have a strong sense of identity. Students will become effective communicators, confident and involved learners and a strong sense of wellbeing will be established. It enables them to focus on their learning efforts.

Outdoor Activities

Stepping out of the class is obviously something that a child looks up to. Positive growth of an individual will only take place with their exposure to the outside world. Hence, outdoor activities pave way for a child's positive development. It ena-

bles to manage classroom behaviour, cognitive function and academic achievement. It helps to examine child's physical activity level. Children show good control and coordination in large and small movements. They move confidently in a range of ways , safely negotiating space.

Super speller and Math Wizard

Motivating students to assist them in their learning and development, using badges in the classroom have a similar function as many of the rewards. It is a symbol or indicator of an accomplishment, skill, quality or interest. Badges can provide an additional assessment tool for the facilitator to assist in the identification of a student's specific strengths and weaknesses.

Free zone

Free zone activities develops interest in children regarding various aspects around them. It enhances a child’s emotional, interpersonal and social development. Role play set-up in the free zone area develops a child’s divergent and convergent creative thinking ability.
