MESSAGE FROM VICE PRINCIPAL

Greetings to All!

As the world wrestles with the unprecedented implications of the COVID-19 coronavirus pandemic, I pray and trust that this letter finds you and your family well and hope all of You are taking Precautions to stay safe & healthy.

The current times witnessed UAE tightening all measures to curb the spread of the coronavirus. The school's student-parental community has also come to terms with what is expected to be a protracted remote learning season. In the light of these developments, the school join hands with the nation and has braced and steadied up to do things that brings forth gratification and content for the students and our community at large. Our institution has tackled all challenges that has risen in this transition from the classroom learning to the e-learning module by re-prioritizing and up- skilling teachers and staff. Needless to mention, our immediate precedence is the well-being of our students and nothing else do we focus upon with more prominence. Apparently continuing to deliver quality education through equipping and training staff to use digital tools, innovating educational content, and actively communicating with parents, school leaders and educators and catering to satisfy the needs and constraints of students and their learning strategy has been our concern.

We in Alain Juniors strongly believe that, now is the right time to do something extraordinary, things that are pertinent and worthwhile to man, especially our youth. We are convinced that as we head out of this pandemic, we would emerge with an un-usual power to change the world. Create a world of care. A world where we are kind to each other no matter what class, race, religion or job we have. A better phase would ascend out of this darkened period. With this recognition let us make care and kindness -our roadmap, when we would be liberated from this combat; the battle with this 'flagrant foe'- the Corona Virus.

Fitness Challenge Winners

Alain Juniors School is committed to creating an environment that is safe and academically focused and provides pastoral care and guidance to the subtle youth. We know that learning happens with fine instruction and replication to make knowledge meaningful. We aspire to be the best at teaching and learning, using research-based instructional strategies to meet the needs of all students.

We also believe that rewards are greatest when shared in collaboration. I urge all parents to please continue to stay in touch with your child's teachers and thus join hand-in hand in this never-ending process of molding and shaping young minds, for I believe together we can harvest the goodness in our youth.

'Every cloud has a silver lining'. The cloud of this pandemic too would nonetheless torrent away and the 'silver lining' would gleam for sure. Life will get back to normal eventually, but hopefully, after this experience is over, our lives will include more of appreciation of human liberty and gratitude to the Almighty. The entire team of Alain Juniors School wish you and your family the very best while you follow the Government's guidelines by maintaining social distancing and hygiene protocol. With this positive note, wish you the very best in life.

Best wishes

Mrs. Humera Sharief

Vice Principal

MONTH OF RAMADAN

Ramadan is, in its essence, a month of humanist spirituality.....

Ramadan is the month of Mercy and forgiveness: Another chance to change and discipline ourselves. Ramadan is a time of spiritual reflection, improvement and increased devotion and worship. Al Ain Juniors School recognizes and celebrates the spirit and values of Ramadan through various Islamic activities.

Fasting during the month of Ramadan is the fourth 'Pillar' of Islam, an act of worship of great spiritual, moral and social significance for Muslims.

During the holy month of Ramadan, Alain Juniors School held a range of activities placing emphasis on teaching core values to the students.

A Ramadan Project was planned with value based activities. The month was considered as THE MONTH OF VALUES. Islamic department conducted a well-organized Quran Recitation contest with an emphasis on correct Tajweed and pronunciation; children were challenged to compete in Quran recitation competition. It was a challenge to the children to gain maximum understanding and develop a passion for Islamic lessons. The programme was to encourage the students to take part in Islamic activities during the Holy month of Ramadan.

Participation in extra-curricular activities takes equal importance alongside academic performance at Alain Juniors School. Through participation in various events & activities students learn the thrill of challenge and competition, the importance of concentration, the spirit of teamwork and a sense of

Various value based activities and competitions like Story telling Competition, Elocution, Hadeeth Competition, Quran Recitation Competition, Arabic Calligraphy, Islamic Quiz Competition, Moral Value Quiz Competition and Random Act of Kindness were conducted throughout the month. All the students participated with great enthusiasm.

Act of
Kindness

"No act of kindness is too small. The gift of kindness may start as a small ripple that over time can turn into a tidal wave affecting the lives of many."

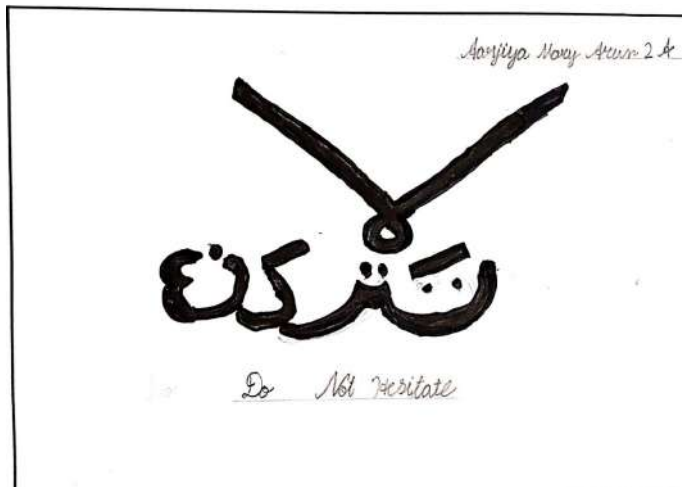

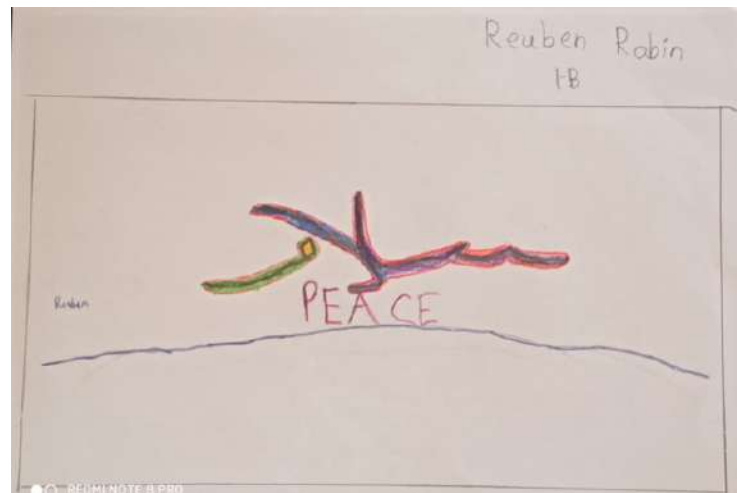

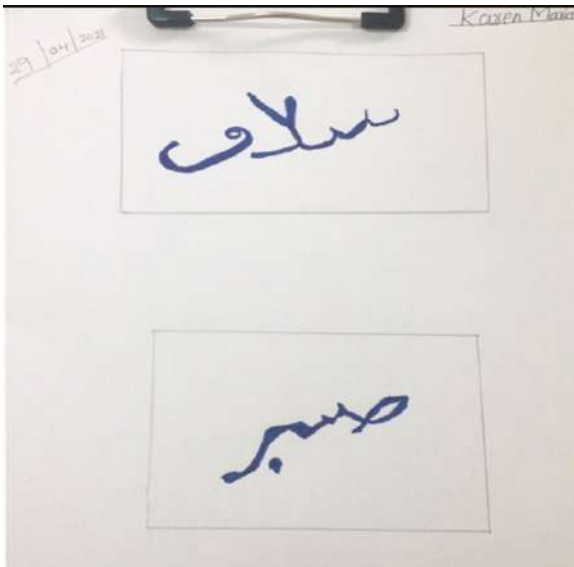

- KEVIN HEATH

Arabic Calligraphy

Arabic calligraphy is the artistic practice of handwriting and calligraphy based on the Arabic alphabet.

AJI Primary Grade 1 to 6 had a competition in Moral Science to show case the cross curricular link between the subjects.

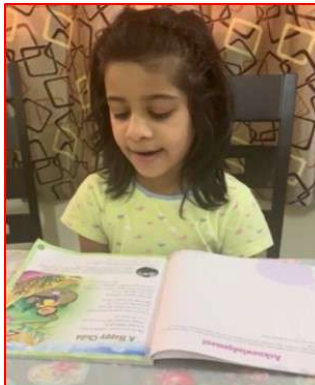

English Activity by Grade 1 students

TEACH YOUR MONSTER TO READ

Teach Your Monster To Read

English Activity

Teach Your Monster To Read

Drop Everything And Read

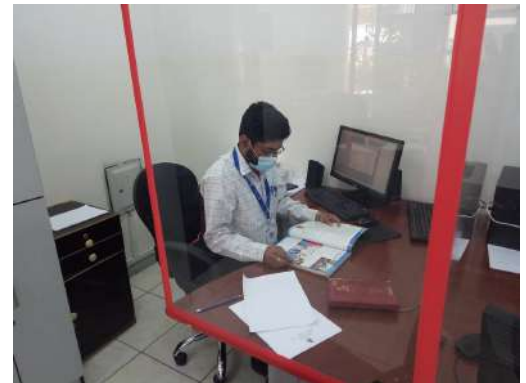

We have heard it said many times before, reading is good for you. However, helping students to cultivate a love for reading is easier said than done. Teaching a child to read is great. Helping a child to develop a love for reading is even better.

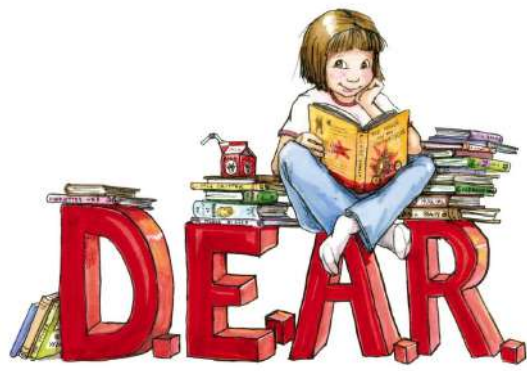

We, English Department of AJI Primary instituted D.E.A.R (Drop Everything and Read)

During D.E.A.R time, every single person in the school, from the Vice Principal to the Janitors had to drop everything and read.

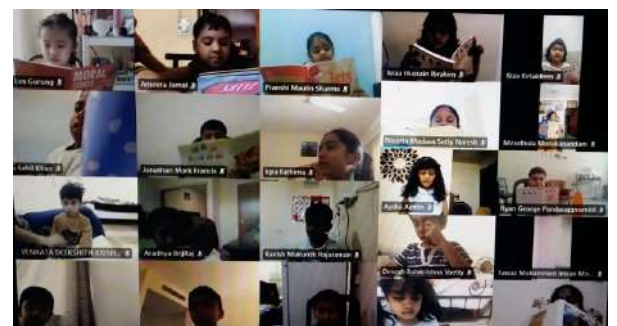

It is said that everything you read fills your head with new bits of information, and you never know when it might come in handy.

This goes hand-in-hand with the expansion of vocabulary: exposure to published, well-written work has a noted effect on student's own writing, as observing the cadence, fluidity, and writing styles of other authors will invariably influence their own writing.

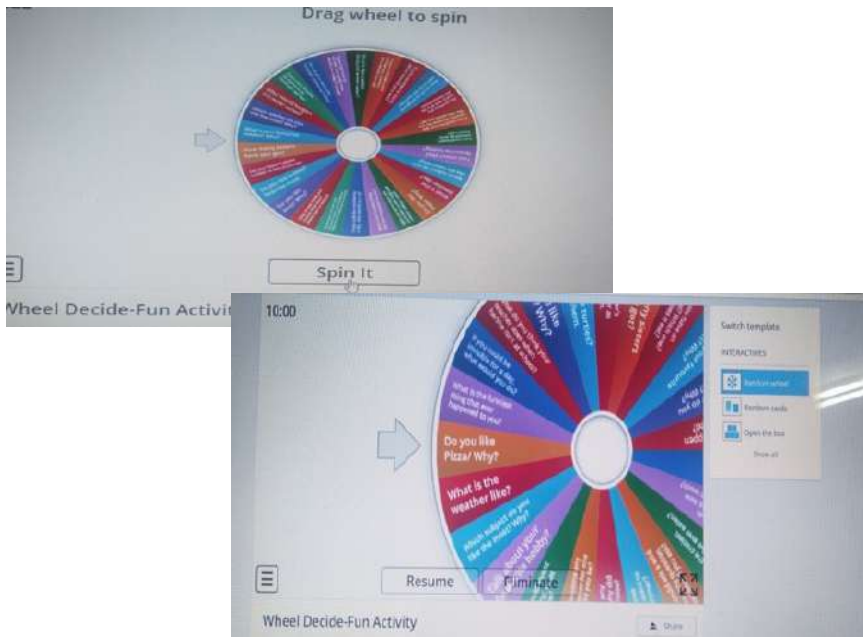

Drop Everything And Read

The students of AJI were welcomed back to school on 11th April 2021 with positivity, excitement and a whole bunch of interesting activities conducted by the class teachers.

WOW WEEK ACTIVITY
Students of Gr 1 to 6 had lot of fun while playing Wheel Decide Fun Activity. Students in the class were randomly selected with the help of the spinning wheel. They introduced themselves and answered a critical thinking question which was fun along with developing and enhancing their thinking skills.

WOW week activity

Grade 5 students designed “Board of Hope” on what they hope for this year.

I hope that this year will be fun.

I hope that this year will be filled with joy

i hope that this year we can learn a lot of new things

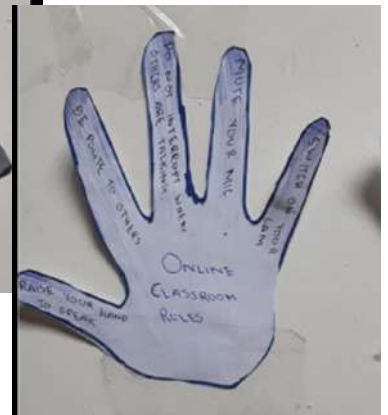

I hope I can improve my handwriting.

I hope I can manage my time efficiently.

I hope I can study well this year.

Hope for the best...
Plan for the worst

Online classroom rules activity

Never stop learning, because life never stops teaching.

Every year on April 22, Earth Day marks the anniversary of the birth of the modern environmental movement in 1970.

Today, Earth Day is widely recognized as the largest secular observance in the world, marked by more than a billion people every year as a day of action to change human behavior and create global, national and local policy changes.

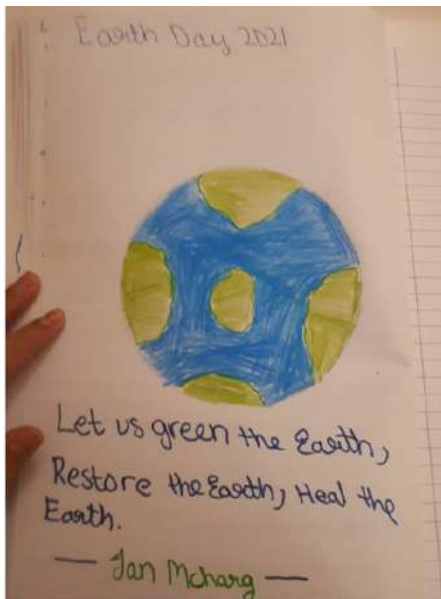

The students of AJI Primary celebrated Earth Day with theme based activities—”TOGETHER WE CAN RESTORE THE EARTH”

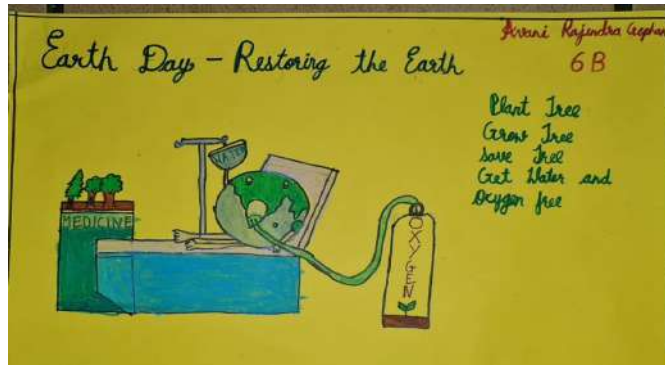

Head gear to save Earth by Grade - 1 & 2 students

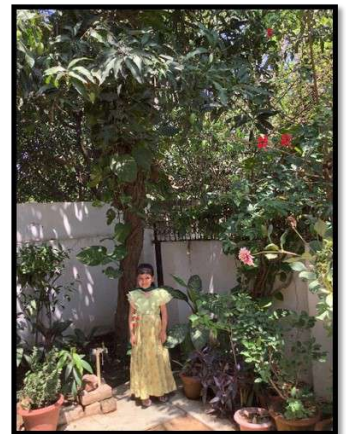

Pledge on earth day by Grade 3 to 6 students

Garden - Earth Day

The students of Grade 1 enthusiastically participated in various activities on April 22nd 2021, to commemorate our benevolent Mother Earth. On the occasion of the Earth Day, an array of activities (video – Promise towards mother earth, thought provoking questions –Importance of Earth, Earth Day Crown, Watering the plant) was organized with a view to sensitize the children about the conservation of natural resources and to motivate them to do their bit towards making their planet even more beautiful.
