January Edition

Back from

Winter Break

WE'RE VERY HAPPY TO SEE YOU IN CLASS EVERYDAY

ATTEND TODAY, ACHIEVE TOMORROW

Attendance Matters!

Every Student, Every School, Every Day

Morning Log-ins

School starts at

9:00 am have your
child in class on
time and ready for
the fun filled day
with learning.

THINGS TO REMEMBER

- **BE ON TIME.**
- Read to your child everyday
- Remind your child every day to wash your hands and drink lots of water everyday.
- Wear **PROPER DRESS** during the class.
- Make sure to keep the stationaries ready before the class starts
- **MUTE** your microphone unless the teacher asks you to unmute.
- Make sure to **TURN** your **CAMERA ON** during the class.

“If we want our children to
move mountains, we first
have to let them get out of
their chairs.”

~ Nicolette Sowder

OUR NEW HEAD OF THE DEPARTMENT :

VISION

To create a vibrant learning community where families, staff, and leaders work together to create a rich learning environment where we can go beyond the traditional education to offer transformative learning experience to help the children to develop seven areas of development in a playful way. Ensuring that every child has the same opportunity to succeed.

CLASSROOM ACTIVITIES

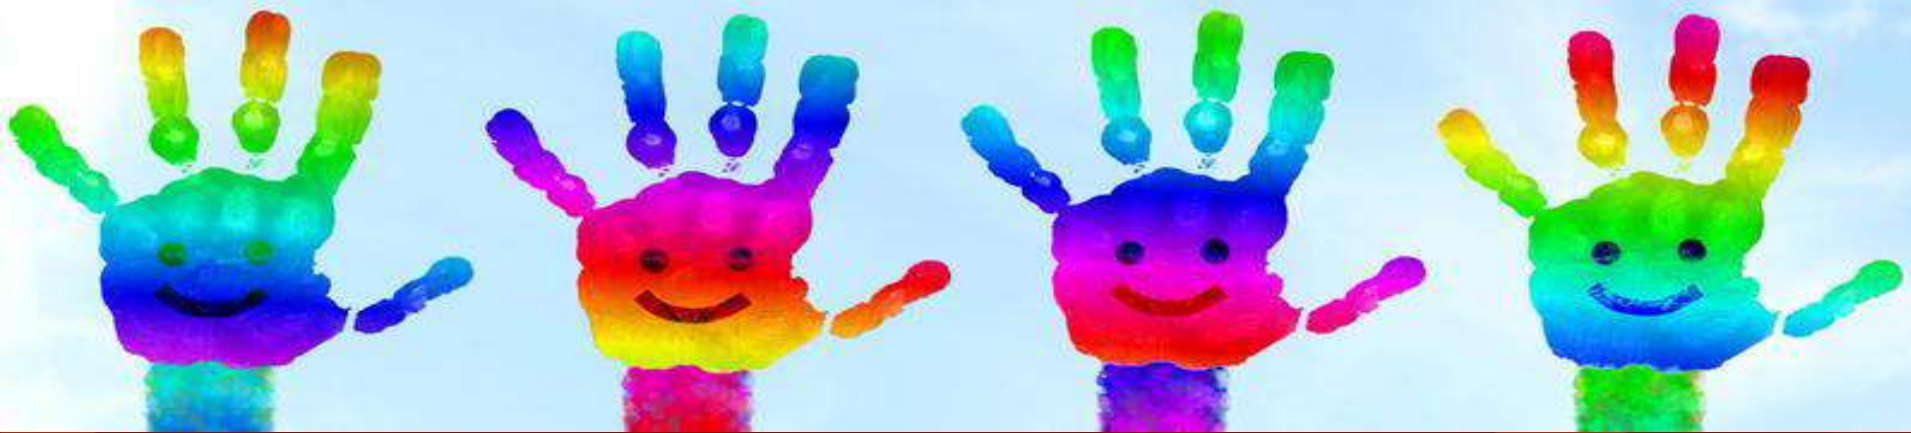

COVID-19 has resulted in schools shut all across the world. As a result, education has changed dramatically, with the distinctive rise of e-learning, whereby teaching is undertaken remotely and on digital platforms. However, blended learning was provided for student's satisfaction, motivation, student engagement and performance even they are staying at home. Teachers are providing differentiated activities for the children that allows students to engage in kinesthetic learning. Hands-on activities that allows children to use their senses while having the online learning. They see, touch, and move real objects to complete tasks. This means that letters, numbers, shapes, colours, and more are brought to life! Children begin to understand the meaning behind what they are doing.

The determination shown by our dearly parents to make distance learning a success was not at all a surprise. After all, we have always been a community that isn't afraid to try new things, always strives to improve and prioritizes relationships for our students who are the reason we serve. Someday, our children will return to the classrooms, and when they do, I hope they will come back having played, taken risks, tried new things, dreamed and discovered more about themselves and each other.

VIRTUAL
TRIP TO ZOO

VIRTUAL TRIP TO ZOO

Kids and parents might be spending more time inside these days — but thanks to the wonders of technology, they can still take fun field trips and learn from the world around them. We live in a time when technology can bring the excitement to us. While no one enjoys life during a pandemic, a silver lining is that many places have put in the effort to bridge the gap for visitors at home.

As zoo's are closed due to pandemic but **Senior KG** kids enjoyed the live streaming of **ALAIN ZOO**. It was full of information and gorgeous footage with amazing animals.

© 2012

“For a small child there is no division between playing and learning; between the things he or she does ‘just for fun’ and things that are ‘educational.’ The child learns while living and any part of living that is enjoyable is also play.”

~ Penelope Leach
