29th September 2022

Subject: “Pile It Up” Challenge Under “Mission 2 Zero” Campaign

Dear Parent,

Greetings from Al Ain Junior School!

In alignment with Abu Dhabi government launch of “Mission to zero” campaign which aims to achieve zero consumption of single-use plastics, we would like to invite all the students of AJ to be a part of the campaign by participating in a single-use plastic water bottle collection challenge called “PILE IT UP” that will be launched on 3rd October until 22nd November 2022.

The challenge aims to encourage AJ students to adopt sustainable environmental practices such as recycling single use plastic water bottles that they collect from their schools and homes and return it to dedicated containers at school to send for recycling. Hence, requesting Students, staff, and parents to collect and return single-use plastic bottles for recycling. Students should bring these bottles to school and deposit them in the designated recycling bins.

This campaign will be a competition among the classes. The class which collects maximum number of bottles will be awarded with Certificates.

Your cooperation is highly appreciated.

Please follow the links for more information.
