Editorial

It always seems impossible until it's done.

Nelson Mandela

"You cannot change your future, but you can change your habit, and surely your habit will change your future."

A.B.J Abdul Kalam

HALL OF FAME

CELEBRATING SUCCESS STORIES

Dear Parents and student community,

Thank you for being part of our success stories.

We in Al Ain Juniors strongly believe in endeavoring towards fabulousness, things that are relevant and beneficial to man, particularly to our youth. We make a supportive, learning environment where students can succeed academically while engaging them in life-long learning opportunities. We see to challenge our understudies scholastically while giving them the social and enthusiastic bolster essential to grow up as positive individuals of our community. We center on being secure, aware, mindful, and group players in all that we do. We endeavor towards ceaseless advancement through giving an educational program that centers on having students reach their most elevated potential.

We know that learning happens with fine instruction and replication to form information meaningful. We aspire to be the most excellent at teaching and learning, utilizing research-based guidelines techniques to meet the requirements of all our students.

This newsletter is distinct because of how it discusses the achievements our students have made in the past year though the year was a challenging one with Covid 19 pandemic shadowing it. Every page in this newsletter resounds with resilience, determination and the essence of Ajites- We will never give up as long as these challenges are opportunities.

ADNOC: Energy For Life Competition

Team Galactic rulers bagged the second prize in the final leg of this Journey for their excellent design of future ADNOC station and outstanding performance in all the stages of the competition. As per the Competition brochure, all the top 5 teams will be getting a Virtual Reality (VR) Lab and trophies

The entire journey began in the month of April 2021,

Stage 1 - All the students of Grade 5 - 12 (Both AJI and AJB) were given the opportunity to explore the activities of the OIL and Gas industry through a virtual tour. After the tour, an assessment was conducted and 93 students from AJB and 54 Students from AJI were qualified for the next round.

Stage 2 - In the second-round students from grade 5 - 12 were given the opportunity to enter the competition "Design a Future ADNOC Station"- 17 Teams from AJS (11 AJI and 6 AJB) participated in the competition and 1 team each qualified for the semi-finals.

Stage 3 - Virtual semi-finals - Team Galactic rulers were one among the 10 finalists.

Stage A: Mentorship Programme at ADNOC Business Centre Abu Dhabi

Stage B: Presentation at YOUNG ADIPEC, ADENC Abu Dhabi

Stage C: Final Quiz and Presentation in front of the Jury Members (Won the First Position in the Quiz and Over All 2nd position)

Special thanks to our coordinators Ms. Leksmi Chandran (AJI), Ms. Meera Mohan (AJB), HODs , coordinators and all teachers of the Science Department.
