18th April 2023

AJ CLUB AFTER SCHOOL ACTIVITIES (OPTIONAL)

Dear Valued Parents,

Al Ain Juniors school has always given utmost importance to inculcating the culture of sports & games not only in its students, but also among its staff and involving even parents in some games, with the main aim of promoting a healthy lifestyle through its motto "Fun & Fitness through Sports"

The AJ Club is a prominent platform formed to extend the above objectives to its students in extracurricular activities conducted after school hours each year, which is established for more than a decade, which involves various coaching programs in popular games like **basketball, football, swimming, ice skating, karate, badminton and table tennis etc.**

Indulging in sports has shown to increase dopamine levels in children which will eventually improve their focus in classroom education.

We extend a warm welcome especially to newly joined students and hope that they take this opportunity to have an enjoyable experience in sports & games and in their all-round development.

This year is a great comeback for AJ Club activities, after the disruption due to Covid pandemic, which will motivate our students to come out on to the courts and give them ample opportunities to learn and compete in any of these games of their choice.

As we are now in the middle of the academic year and approaching the summer vacations, AJ Club activities will be offered only for a month starting in the first week of May, 2023 only mainly due to the exams during June'23.

Due to time constrain we are starting AJ Club with these three games in this term and rest assured that all other AJ Club games will commence in September 2023.

| AJ CLUB | CLASSES / DAYS | TIMING / VENUE | FEES | CONTACT Nos. |
