

CirNo09/AJ/A.Y.19-20/VP/September2019

09.02.2019

Dear Parents,

Welcome Back!

As the academic year 2019-20 is progressing, we have much to celebrate and many happy memories to cherish. Our school community has grown and flourished over the years and continues to provide a stimulating environment where students learn, grow and achieve their goals.

We are committed to providing our students with a range of activities and opportunities to excel and develop their skills and talents. It's a proven fact that the students who excel outside the classroom perform better inside the classroom also.

AJMUN will continue to grow and expand, while Art and Design projects, Environmental campaigns, Art and Literary activities in and outside school and Entrepreneurial initiatives will provide our students an array of interdisciplinary opportunities to collaborate and develop 21st century skills.

Students will be empowered to implement their ideas to improve the learning environment and thus make their own imprint on this campus. Every student is expected to become a leader in his or her own way.

Our endeavor is to embed Inclusive Education and create a culture of collaboration in an environment of mutual respect and equality for all. All students are given opportunities to be successful learners, to form positive social relationships with peers, and to become active participants of the learning community.

We value the support and trust placed in us by our parents. Parent partnership programs will continue to develop, with many more opportunities for family and community involvement. We strongly urge parent involvement in several areas including providing learning support to their wards at home, communicating school initiatives within the wider community, volunteering, decision-making, and collaborating with the community.

The recently graduated batch of 2019 has made us incredibly proud. Their persistence and determination in pursuing their goals, their positive work ethics and team work have resulted in a number of innovative school initiatives being successfully implemented. Our students have gained admissions into some of the best universities across the world. They have been focused in achieving their goals and the entire school community wishes them the very best as they step out of the comfort of their second home to continue their learning journey!

As we reopen the school after a long summer break we would like to remind you all:

- **Mobile phones & other gadgets:** The school does not allow the students to bring their mobile phones or any other gadgets to school. Please make sure your children abide by this school policy. Any gadgets found with the students will be confiscated and be released only when parents come to school to claim them provided they give an undertaking to avoid such incidents in the future.

- **Uniform:** All students must come in neat and immaculate uniform including the ID. The school policy requires all students to use their ID's at all times while they are in the school premises. Students without the ID will not be allowed to enter the school gate.
- **Books:** Students shall only bring their books according to their time table. Do not let your children carry books that are not required during the day.
- **Meeting school Personnel:** Please do not hesitate to make an appointment with the Vice Principal/ HOD's / Coordinators if you have any concern about your child's education. Prior appointments can be made via front office. Given below are the contact details of Vice Principal and the Middle Leaders.
