

Grade: 11

DATE: -25th to 29th Oct,2020

SUBJECT	NO. OF PERIODS	TOPIC/OBJECTIVE/ ASSESSMENT
ENGLISH	5	Albert Einstein At School- To analyze the teaching and learning methodology. Summarize the lesson
PHYSICS	6	LO: To discuss about Elastic and inelastic collisions. To solve problems related to Work, Energy and power. System of particles and rotational dynamics: LO: To explain the motion of a rigid body- translational and rotational motion. To define center of mass of a system of particles. Assessment: Assignment and Quiz.
COMPUTER SCIENCE	6	Boolean Algebra
BIOLOGY	6	PLANT GROWTH AND DEVELOPMENT Describe the different phases, conditions and differentiation of growth. Discuss about plant growth regulators Assessment – MS forms, Assignment
CHEMISTRY	6	Explain Second law of thermodynamics Describe the term Entropy and Gibbs energy State Third law of thermodynamics Redox reaction: Define oxidation and reduction in terms of classical concept and electronic concept Describe various types of redox reaction Assignment: MS forms
MATHEMATICS	7	Conic sections To define parabola, ellipse, hyperbola. Equations of circles and other conic sections.
PSYCHOLOGY	6	Practical Multiple Intelligence Inventory. To explain multiple intelligence theory. Eysenck's Personality Inventory. To explain Eysenck chose instead to focus on higher order factor analysis, and he identified three “super factors:” extraversion, neuroticism, and psychoticism.
MARKETING	6	Employability skills To make a class journal in actual sense. To analyze the basics of ICT To create a new document in word file.

ACCOUNTANCY	6	BRS To prepare BRS as per Pass book credit balance To prepare BRS as per the Pass book debt balance
ECONOMICS	5	Production function To analyze the relationship between TP, MP&AP diagrammatically. To distinguish between returns to factor and returns to scale. To solve the problems related with the production function chapter. Assessment: FORMS APP
BUSINESS STUDIES	6	Small business To discuss the concept of Entrepreneurship To discuss the concept of Start Up India
ARABIC	4	الدرس: تعادل صفر/صفر أن يتعرف الطلاب المفردات الجديدة الواردة في الدرس أن يكتشف المفردات والجموع والأضداد
IS.ST/M.SC	1	Shura (Consultation) in Islam Explain the meaning of Shura, Infer the benefits of Shura, Explain the domains of Shura,
		Dining etiquettes
